

New Hope MBC-Southfield Church Re-Opening Survey II

God's blessings and peace to each of you.

New Hope Missionary Baptist Church is conducting a follow up survey concerning re-opening of the building for in person Sunday worship services. The Church Leadership is aware that many of us are anxious to return to in person worship services in the church building. We all miss the fellowship and the spirit of kinship as we pray, sing, and hear the Word of God in person. However, we are mindful of the dangers and restrictions associated with the Covid-19 virus. Therefore, we must prepare for the re-opening responsibly. With this in mind and aided by guidance from the CDC and State and Federal regulations, we are carefully preparing the church building. We are also putting health and safety protocols in place to ensure, as much as possible, that we can offer a healthy, safe, and enjoyable worship experience for our members and visitors.

We will use contactless thermometers, and there will be sufficient supplies of hand sanitizer at various stations near the entrances and around the inside of the church building. Protocols will be in place for sanitation of all touched surfaces. There will be changes in the worship service including a moratorium on in person singing, holding hands, passing offering trays, and the service will be shortened. There will be signs asking people to wear masks, maintain six feet distance from one another, limit persons in restrooms to 5 people, and wash hands for 20 seconds.

We will also mark pews to facilitate social distancing and areas not in use will be locked off. We will add anything additional needed to keep all who enter New Hope as safe as possible from contracting the Covid-19 in our facility. To assist us in preparing for the re-opening, your cooperation is needed. Please respond to the questions on the follow up survey by clicking on the link below:
