Thursday, July 12, 2018

6:30 PM-8:30 PM

Did you know?

- ✓ Did you know that African American has the highest rate of end stage renal disease, and transplantation is just one treatment of choice for kidney failure
- ✓ 48% of those with severely reduced kidney function not on dialysis are not aware of having CKD
- ✓ Approximately 1 in 3 adults with diabetes and 1 in 5 with high blood pressure may have CKD

Join us at the Kidney Transplant Educational Seminar where you will learn about:

- ✓ The deceased donor process, including statistics and outcomes
- ✓ The living donor process
- ✓ State advantage of living donation for recipient
- ✓ Costs associated with living donations
- ✓ Surgical procedure and recovery

“Give, and it will be given to you. A good measure, pressed down, shaken together and running over, will be poured into your lap. For with the measure you use, it will be measured to you.” -Luke 6:38
